Praise for *Humpty Dumpty*...

"Come for the murder, stay for the three-dimensional, realistically fractured characters! ... Long plane rides and rainy Saturday afternoons were made for books like this. If you like your suspense with a side of gruesome and a dash of humor, this is it."

Brandon Stanley
Amazon Reviewer

"Humpty Dumpty is a wonderful start to what I hope will be the first in a fun and thrilling series. I found myself flipping the pages to get to the end and what an ending. The story was well written and the dialogue was sharp, witty and fast-paced. The chemistry between the main characters, Joshua, Had and Cooper was magical... Eagerly awaiting the next installment in this series."

Romano Robusto

"Another good crime scene series from one of my favorites. Once again... brought together an interesting cast of characters. Each member of the team has flaws, just like real people. The concept of using nursery rhymes as a theme for murder gives the story a creepy edge. The plot twists will keep you guessing."

More Praise for *Humpty Dumpty*...

"I am a big fan of this author's novels... So, I have been excited and waiting a long time for this story... I was not disappointed and continued to read every single page all the way to an ending that was unbelievable, made me feel a little sick, and left me just as speechless as Agent Sariah Cooper... I have never read an ending to a book like this ever and it's a vision that will be with me for quite a while."

"For me, a book that inspires my imagination so much that I can see the movie playing along as I go is a great read - and this definitely does that. Highly, heartily recommended for fans of murder/mystery novels, fans of James Patterson, and fans of action/mystery movies."
