This casebook mixes theory, policy, and politics with practice-oriented materials that deal in doctrine, planning, and problem-solving. The authors make heavy use of policy analysis, fact problems, and simulation exercises. The teacher's manual contains detailed analyses of all the policy questions, fact problems, and simulation exercises, as well as synopses of all the cases, sample syllabi, and other teaching suggestions. Highlights include the various elements of comprehensive immigration reform; new policy materials on the immigration debate and official English; a revamped chapter on undocumented immigrants, including a new section on the desirability and constitutionality of state and local interventions; and more.
