Charles M Robinson III

The Plains Wars 1757-1900 (Essential Histories series Book 59) Charles M Robinson III

The Great Plains cover the central two-thirds of the United States, and during the nineteenth century were home to some of the largest and most powerful Indian tribes on the continent.

The conflict between those tribes and the newcomers from the Old World lasted about one hundred and fifty years, and required the resources of five nations - Spain, Mexico, the Republic of Texas, the Confederate States of America and the United States - before fighting ended in the mid 1890s. This masterly exposition explains the background, causes and long term effects of these bitter wars, whose legacy can still be felt today.

The Osprey Guide To... series is a reworking of the popular Essential Histories series, now available as non-illustrated eBooks at a fantastic low price.

The maps and text remain the same, giving a strong historical overview of some of the most important conflicts and theatres of war from the ancient world through to modern times.
