The Constitution in 2020

The Constitution in 2020 is a powerful blueprint for implementing a more progressive vision of constitutional law in the years ahead. Edited by two of America's leading constitutional scholars, the book provides a new framework for addressing the most important constitutional issues of the future in clear, accessible language. Featuring some of America's finest legal minds-Cass Sunstein, Bruce Ackerman, Robert Post, Harold Koh, Larry Kramer, Noah Feldman, Pam Karlan, William Eskridge, Mark Tushnet, Yochai Benkler and Richard Ford, among others-the book tackles a wide range of issues, including the challenge of new technologies, presidential power, international human rights, religious liberty, freedom of speech, voting, reproductive rights, and economic rights. The Constitution in 2020 calls on liberals to articulate their constitutional vision in a way that can command the confidence of ordinary Americans.
