Those Magnificent Old Steam Fire Engines (Fire Service History Series) W. Fred Conway

Invented out of desperation in the early 1850's when volunteer firemen with hand operated engines could not or would not control fires, steam fire engines soon revolutionized firefighting throughout the world. This book recounts the determined efforts of the inventors, who worked in secrecy after receiving death threats from volunteer firemen who feared that they and their hand engines would be replaced. This book contains fascinating stories of steamers in action fighting fires. The operation of the steam fire engine is explained in easy-to-understand terms. Over 4,600 steamers are listed by manufacturer, year, size, serial number, and the cities they protected. Also listed are the survivors, with their locations. 220 pages, more than 250 photos and drawings, including a full color 11" x 17" pullout, hardcover

From reader reviews:

Troy Ethridge:

Here thing why this particular Those Magnificent Old Steam Fire Engines (Fire Service History Series) are different and dependable to be yours. First of all reading a book is good but it really depends in the content from it which is the content is as scrumptious as food or not. Those Magnificent Old Steam Fire Engines (Fire Service History Series) giving you information deeper and in different ways, you can find any reserve out there but there is no publication that similar with Those Magnificent Old Steam Fire Engines (Fire Service History Series). It gives you thrill reading through journey, its open up your own personal eyes about the thing in which happened in the world which is maybe can be happened around you. It is easy to bring everywhere like in playground, café, or even in your approach home by train. If you are having difficulties in bringing the paper book maybe the form of Those Magnificent Old Steam Fire Engines (Fire Service History Series) in e-book can be your substitute.

John McKenzie:

Reading a e-book can be one of a lot of activity that everyone in the world really likes. Do you like reading book thus. There are a lot of reasons why people like it. First reading a publication will give you a lot of new details. When you read a e-book you will get new information simply because book is one of several ways to share the information or even their idea. Second, reading a book will make an individual more imaginative. When you looking at a book especially fiction book the author will bring that you imagine the story how the figures do it anything. Third, you may share your knowledge to other individuals. When you read this Those Magnificent Old Steam Fire Engines (Fire Service History Series), it is possible to tells your family, friends and also soon about yours reserve. Your knowledge can inspire average, make them reading a publication.

Anthony Tipton:

This Those Magnificent Old Steam Fire Engines (Fire Service History Series) is fresh way for you who has attention to look for some information because it relief your hunger of knowledge. Getting deeper you into it getting knowledge more you know or perhaps you who still having little digest in reading this Those Magnificent Old Steam Fire Engines (Fire Service History Series) can be the light food for you because the information inside that book is easy to get by anyone. These books produce itself in the form and that is reachable by anyone, sure I mean in the e-book web form. People who think that in e-book form make them feel tired even dizzy this e-book is the answer. So there is not any in reading a guide especially this one. You can find actually looking for. It should be here for anyone. So , don't miss this! Just read this e-book type for your better life along with knowledge.

Rick Maldonado:

As a college student exactly feel bored to be able to reading. If their teacher asked them to go to the library or make summary for some reserve, they are complained. Just minor students that has reading's spirit or real

their hobby. They just do what the instructor want, like asked to the library. They go to there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Those Magnificent Old Steam Fire Engines (Fire Service History Series) can make you feel more interested to read.
