## Conceptions of Truth Wolfgang Kühne

Truth is one of the most debated topics in philosophy; Wolfgang Kühne presents a comprehensive critical examination of all major theories, from Aristotle to the present day. He argues that it is possible to give a satisfactory 'modest' account of truth without invoking problematic notions like correspondence, fact, or meaning. The clarity of exposition and the wealth of examples will make *Conceptions of Truth* an invaluable and stimulating guide for advanced students and scholars.
