Futuring Your Church: Finding Your Vision and Making It Work George B. Thompson

"A vision is not a mission statement" declares George Thompson. In the throes of establishing their congregational identity, many church leaders resort to developing a mission statement which gets put in a file drawer and forgotten until the next budget review. The problem is that mission statements focus on concrete achievements; a vision, in contrast, establishes the larger picture of aim, broad purpose, and hopes. In *Futuring Your Church*, church leaders explore the congregation's heritage, its current context, and its theological bearings. From the insights gleaned, members can discern what God is currently calling their own church to do in this time and place. Once this vision is found, Thompson provides a simple organization model for applying the vision--for making it work. A practical, helpful tool for futuring authentic ministry.
