College Physics, Books a la Carte Edition

Eugenia Etkina, Michael Gentile, Alan Van Heuvelen

College Physics, Books a la Carte Edition Eugenia Etkina, Michael Gentile, Alan Van Heuvelen

This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value for your students—this format costs 35% less than a new textbook.

College Physics is the first text to use an investigative learning approach to teach introductory physics. This approach encourages you to take an active role in learning physics, to practice scientific skills such as observing, analyzing, and testing, and to build scientific habits of mind. The authors believe students learn physics best by doing physics.

Package consists of:

- Books a la Carte for College Physics

From reader reviews:

Henry Robinson:

Nowadays reading books become more than want or need but also turn into a life style. This reading routine give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book that will improve your knowledge and information. The info you get based on what kind of book you read, if you want drive more knowledge just go with knowledge books but if you want really feel happy read one together with theme for entertaining like comic or novel. The particular College Physics, Books a la Carte Edition is kind of publication which is giving the reader unstable experience.

Rocio Linville:

The reason why? Because this College Physics, Books a la Carte Edition is an unordinary book that the inside of the reserve waiting for you to snap the item but latter it will distress you with the secret this inside. Reading this book beside it was fantastic author who write the book in such wonderful way makes the content inside of easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you for not hesitating having this anymore or you going to regret it. This unique book will give you a lot of positive aspects than the other book have such as help improving your expertise and your critical thinking means. So , still want to hesitate having that book? If I were you I will go to the guide store hurriedly.

Keith Mayo:

In this period of time globalization it is important to someone to find information. The information will make a professional understand the condition of the world. The healthiness of the world makes the information better to share. You can find a lot of recommendations to get information example: internet, paper, book, and soon. You will see that now, a lot of publisher that will print many kinds of book. The actual book that recommended for you is College Physics, Books a la Carte Edition this reserve consist a lot of the information with the condition of this world now. This specific book was represented so why is the world has grown up. The language styles that writer use for explain it is easy to understand. Typically the writer made some investigation when he makes this book. Here is why this book suited all of you.

Elizabeth Rogers:

Many people spending their moment by playing outside having friends, fun activity along with family or just watching TV 24 hours a day. You can have new activity to pay your whole day by reading through a book. Ugh, you think reading a book really can hard because you have to use the book everywhere? It all right you can have the e-book, taking everywhere you want in your Smart phone. Like College Physics, Books a la Carte Edition which is having the e-book version. So , try out this book? Let's observe.
