Restoring the American Dream: The Defining Voice in the Movement for Liberty

Robert Ringer

Restoring the American Dream: The Defining Voice in the Movement for Liberty Robert Ringer
Completely updated edition of one of the classic works of conservative literature

Long before the advent of conservative talk radio and Fox News, Robert Ringer was an outspoken advocate for the cause of freedom and free enterprise. In this classic work—updated for the 21st century—Ringer’s basic premise is that liberty must be given a higher priority than all other objectives. The economic and political calamity that he warned about in the late seventies is now upon us, and his new edition of *Restoring the American Dream* is sure to resonate with the feelings of today’s angry voters. In his book, Ringer explains that:

- The American Dream is not about increased government benefits and government-created “rights,” but, rather, about individualism, self responsibility, and freedom—including the freedom to succeed or fail on one’s own
- The barbarians are not at the gates; they are already inside
- Ordinary citizens no longer tell their elected officials what to do. Rather, government tells them what to do—and backs it up with force
- The desire of people to band together to bring about quick, short term solutions to their problems through government intervention has perpetuated a cycle that has nearly destroyed the American Dream

With Washington continuing to expand government power and spending at a record pace, *Restoring the American Dream* is a voice of sanity in a world gone mad.
