About the book:

"Footsteps On Sand" is the second title belonging to Liliana Negoï, after "Sands And Shadows". Meant to represent one step further in the process of self-reveling, this book is a "collection of poetic shards from my inner mirror", as the author herself says, "each reflecting another small part of myself". Why tanka? Because, preceding the haiku in history, the tanka crossed times carrying within its concept the valences of tradition and subtlety, and beyond all that, of love. "Footsteps On Sand" is a personal journey taken by the author in the realm of feelings, step by step, tanka by tanka.

About the author:

Aspiring to the title of word-bender, I am a writer and translator following the advice of a dear friend of mine, who told me one day that "you must find out what you have, what you can do and what you know in order to realize who you are". I have discovered myself - and now, dear reader, it's your turn to discover me.
