Using a process-writing approach, this third-year composition text will help you master your writing skills to become a confidence writer. The text is set up in a workbook format and is written entirely in French, except for the first chapter. You will broaden your repertoire of related speech acts, vocabulary, grammatical structures, and stylistic elements through three major sections. Each chapter features a model text--a literary piece, journalistic selection, or informal writing--that represents the Francophone world.
