John McCoy, guidance counselor, is not quite sane, as evidenced by the purchase of a chimp shortly after his family was murdered. Bobby Dupri, student, may be the Anti-Christ, bent on creating a world populated only by white people.

An unusual epidemic breaks when people are mentally reprogrammed after going to social networks or checking their email. Even stranger, they begin building things with the items they collected. Then nuclear bombs start destroying cities while an army gathers in the ashes, eager to take over the nation. Will America just be a pile of ash owned by an invisible army of a monster's creation? Only a barely sane guidance counselor, the nurse at his school, and his pet chimp stand in their way.
